### ACTIVE INGREDIENTS:

esfenvalerate .....3.48%

\* INSERT INGREDIENTS .....96.52%

\*Contains petroleum distillate

100.00%

KEEP OUT OF REACH OF CHILDREN

## CAUTION STATEMENT OF PRACTICAL TREATMENT

### IF SWALLOWED:

Call a physician or Poison Control Center. Do not induce vomiting.

### IF ON SKIN:

Wash with plenty of soap and water. Get medical attention if irritation persists.

### IF INHALED:

Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.

### NOTE TO PHYSICIAN:

Probable mucosal damage and danger of aspiration pneumonia may contraindicate the use of gastric lavage.

## PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing vapors or spray mist. Wash thoroughly with soap and water after handling. Remove and wash contaminated clothing before reuse.

Remove pets, birds, and cover fish aquariums before spraying.

### ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluence containing this product into sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

### PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame.

Do not use this product in or on electrical equipment due to the possibility of shock hazard.

### DIRECTION FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

CONQUER Residual Insecticide Concentrate can be mixed with an EPA registered insect growth regulator or pyrethrin-containing products in the areas where these products are allowed to be sprayed. Please check specific label directions of these products before using. Do not tank mix this product with dichlorvos-(DDVP)-containing products.

Do not apply directly to food. Cover or remove all food and food processing equipment during application. After spraying in meat packing plants, bakeries and other food processing plants, wash with an effective cleaning compound and then rinse with potable water all equipment, benches, shelving, etc. where exposed food will be handled. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food. Do not spray plants used for food or feed.

Do not allow children or pets to contact treated surfaces until spray is dried.

Do not apply this product in patient rooms or in any rooms while occupied by the elderly or infirm. Do not apply to classrooms while in use. Do not apply in institutions (including libraries, sports facilities, etc.) in the immediate area where occupants are present.

### SHAKE WELL BEFORE USE

### FOR INDOOR PESTS:

GENERAL: Use CONQUER Residual Insecticide Concentrate to control the pests indicated in the listed areas as a contact spray by mixing either one (1) or two (2) fluid ounces of concentrate in one (1) gallon of water or oil and mix thoroughly before use. One (1) ounce of concentrate per gallon of water or oil will make a spray containing .027% active ingredient, two (2) ounces per gallon will make a spray containing .05% active ingredient. For initial clean out of heavy infestations use two (2) ounces of concentrate per gallon of spray; for maintenance control or light infestations use one (1) ounce concentrate per gallon. When using oil as the diluent, an odorless light petroleum hydrocarbon as defined by CFR Title 21, sec. 172.884 should be used for all food area and food related applications. For all applications of contact sprays use at the rate of one (1) gallon (diluted spray) per 1,000 square feet of surface area.

Application Only Within Food and Non-Food areas of Food Service and Handling Establishments (Places Other Than Private Residences) including, But Not Limited To: Restaurants, Grocery Stores, Bakeries, Food Manufacturing and Processing Establishments, and Food Warehousing Establishments. Do not treat establishments where livestock feed is present.

Food areas include areas for receiving, storage, packing, canning, bottling, wrapping, boxing, preparing, edible waste storage and enclosed processing systems, mills and dairies. Serving areas are places where prepared foods are served, such as dining rooms, but excluding areas where foods may be prepared or held. Non-food areas include garbage rooms, lavatories, floor drains to sewers, entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage after canning or bottling.
